Edey's Carbolic Troches--Among the various remedies for Coughs, none enjoy a higher reputation than EDEY'S CARBOLIC TROCHES. This fact places them above the ordinary list of medical preparations. For Coughs, Colds, Asthma, and as a disinfectant and preventive against contagious diseases they are a specific. Invaluable to singers and public speakers. Sold everywhere. JOHN F. HENRY, CURRIAN & Co., Proprietors, 8 and 9 College Place, New York.

Ozoena--An Offensive Disease in the Nose. Which eats away the partition bone, destroys the sense of smell, produces green or yellowish scabs, the shape of the nostril--sometimes flat, often tainted with blood and matter; causes weight and dull aching over the eyes, headache, loss of memory, giddiness, etc. This disease is often caused by neglected colds, by suppressed skin diseases, Scrofula, Measles, Scarlet Fever, Psoriasis, Syphilis, and other contagious diseases, and is itself contagious. It often extends to the throat, producing Hoarseness, Bronchitis and Consumption. It is a Tertiary form of Cancer, destroying the nose and throat, when too long neglected. Dr. Jones is the only Physician in the United States who thoroughly understands curing this dangerous and offensive disease. He destroys the offensive smell in five minutes, and relieves the sufferer in every way at once, and cures the disease in a short time.

Dr. Jones is now practicing at the Edwards' House, in this city, where he remains until Feb. 20.

THE

NEW YORK TRIBUNE

"The Leading American Newspaper."

FOUNDED BY HORACE GREELEY.

In the recent elections the people have declared in favor of honesty in politics and independence in journalism. The TRIBUNE, which years ago declared that it was not and never would be a party organ, claims the verdict, as the popular vindication of its course, and recognizes in the result the voice of the people for reform and integrity in government, for candor and independence among newspapers. During the campaign which has just closed The TRIBUNE has fully maintained its right to the
